

# September 2019 at christ church moreton

Dear friends at Christchurch

After a relatively quiet few weeks, September has arrived, and our regular activities are starting up again. The long school summer holiday is over, and our children will be heading back to school. So it seems like a good time of year to think about **wisdom**.

That is going to be our big theme on Sunday mornings, as we study the book of Proverbs. It is something we very much need, because we live in a society which may be very strong on knowledge, but which is short on wisdom – we know so much, but it doesn't help us to live well. So over the next few weeks we will be thinking about how we can live the life to the full which Jesus came to give us. And Proverbs tells us, simply, that we will never know that unless our lives are built on knowing God – *The fear of the Lord is the beginning of knowledge*. Proverbs 1:7. It is only when we God to be the centre of every area of our lives that we will really know the truth about anything.

That goes entirely against the way our society thinks – most people, even if they say they believe in God, live as if he is irrelevant. So putting Proverbs into action will be a challenge, which is why our Home-groups will be tied in to our morning sermons.

Part of living wisely as God's people is knowing why we do what we do. So on Sunday evenings we are going to look at some of the things which make up our services, and ask '**why bother with ...?**'

As all our regular activities start up again after the summer, one thing which is definitely involved in living wisely is Prayer. Whether it is at our Prayer Meetings, in our home-groups, in other small groups, or on our own, we need to be asking God to help us put what we learn from his word into practice. That is a big part of what *Being Disciples* is about.

Yours in Christ

*Graham Cousins*
